In respect of language, he develops the concept of power relations in order to demonstrate that, in a socially structured interaction, agents communicate in a field where social positions are already objectively structured Bourdieu Ingrid Piller May 15,

As Eagleton suggests: "In certain social conditions, Marx argues, human social communication becomes a tool for the police, and criminal investigation becomes part of social interaction. A prominent example of interest is the social networking site MySpace. Together, these two aspects, along with mutuality, makes up what I call participatory surveillance.

Through the exploration of subjectivity and discord via free association, therein the academic discussion, explanations have been sought as to why people reveal so much personal information while socializing online. New York: ACM, pp.
